

Kinesis Freestyle2 Multi Channel Bluetooth Keyboard

Multi Channel Technology

No more sacrificing typing comfort on your smartphone, tablet, laptop etc. The Freestyle2 Blue's Multichannel feature allows users to instantly switch between three Bluetooth enabled devices while continuing to type on the Freestyle2 Blue keyboard.

Product Code

KB800PB-BT

Features

- Bluetooth 3.0 – range 9m
- Narrow foot print for comfortable mousing and typing, reduces the need to overreach.
- Driverless Hot Keys are provided for commonly used mouse actions: Internet Forward, Back, Undo, Web Home, Cut, Copy and Paste.
- Both modules can be connected together by attaching the included the flexible Pivot Tether allowing an infinite range of splay.
- 20cm of separation
- The splay and separation features accommodate all body types.
- The keyboard employs double-wide Delete and Escape keys, providing an easier target for fingers to locate.
- The compact design of the Freestyle2 eliminates the traditional numeric keypad on the right-hand side of the keyboard. In its place, the right half of the keyboard contains an embedded numeric keypad.
