Features

Offering a vertical lift function as well as the standard lift-and-recline functions, side transfers can be completed with greater ease with the removable armrests and wings. It offers an attractive appearance in a range of chenille cloth and PVC colour options. Featuring four large castors and a rear push handle, this chair can be easily transported from room to room as desired.

- Vertical Lift function - chair rises 18cm enabling easy side transfers to bed for users
- Removable armrests and wings to facilitate side transfers to bed
- Tilt-and-recline function with single motion
- Large castors (rear locking) and push handle allows for easy transportation from room to room
- High quality German motors
- Includes battery backup pack for power failure
- Available in hard wearing cloth or durable and water resistant PVC
- Fully padded seat surface
- Easy to use remote
- Side pockets for remote storage
- Attractive, modern appearance
