

HÅG Tion 2100

HÅG Tion is a chair with flexibility at its core. Its lightweight, agile design intuitively follows your every move, providing best in class comfort and support throughout your working day, helping you stay healthy and productive, whatever you are working on.

HÅG Tion 2100 has plastic seat and back shells made of 94% post-consumer plastic (all colours, PP). This, in addition to the use of 97-98% recycled aluminium in main components, makes HÅG Tion 2100 with armrests a great sustainable choice with 75% recycled material in total. Armrests available as optional extras.
